WE are happy to be able to say that Mr C. G. Fisher, chairman of the citizens relief committee, is still on his feet, well and hear ty, inspiring all about him by his zeal, to continue work in behalf of the indigent and

WE must appeal again to the physicians to report the new cases of fever to the Board of Health. The value of vital statistics ough! to be incentive enough to induce them, without further words, to put guessing out of the question by helping to compile the facts.

YESTERDAY there were 28 new cases of fever reported; colored 4 and white 25. The deaths reported were 99; colored 25 and white 74. This makes a total of cases reported to the Board of Health of 1,913, and of deaths 1,360.

LET it be recorded to their credit that the negro militia and policemen have discharged their duties faithfully, zealously and with discretion. We are proud of them. They have proved their title to the gratitude of the people of Memphis.

THE friends of the late Butler P. Anderson will rejoice to learn, as we do, that Mrs Anderson is not dead, as was reported to us. but is slowly recovering from a very severe attack of fever. Her niece and nephew. Miss and Mr. Murray, are with her, and she has the tenderest and most watchful care.

WE urge it upon the physicians to make prompt returns of the new cases to the board of health. The facts developed yesterday in regard to this matter of reporting of pirme importance.

PITTSBURG, according to telegraphic reports received last night, has contributed for the benefit of yellow-fever sufferers, \$14. 603 89; Chicago, \$45,819, and New York, \$160,000, which it has been suggested shall be increased to \$500,000 by o e hundred persons giving \$1000 each, and five thousand persons \$500 meh.

Miss Rose Evilnoe, well known to and much admired by the people of Memphis as much admired by the people of Memphis as a coffin. All the county efficers have left us.

Six or neven new casus to-day. A woman died in the country where she had refugeed, and was buried in a blanket for the want of a coffin. All the county efficers have left us.

GENERAL CHARLES A. ADAMS, one of the ablest of the members of our bar, died on Sunday last of yellow fever, after a brief illness. The general, during a long life, has been onspicuous as a publicaman in this part of one death from yellow fever to-day. A fugihe country, in Arkansas and Mississippi, as tive and the Can't-get-away club continue as an upright, patriotic citizen. Since the close of the war he has made Memphis his home, and has always occupied a place among 475 cases of fever to date, and 85 deaths. close of the war he has made Memphis his the first and best of the lawyers of the city.

WE are exceedingly glad to know that Captain Harvey Matthes of the Ledger has passed the crisis and is doing so well as to there, and five deaths. give every reason to believe that he will recover. One of the most useful members of the press, and one of the ablest, he has been sadly missed in the Ledger office and by a the recent deaths is Dr. Gathlf, a Jewish host of friends by whom he is held in the rabbi.

WORTHY to be linked with Butler Anderson and General W. S. Smith, and to be held in everlasting remembrance by the people of abroad for support. Memphis, is President Langstaff, of the Howard association. His praises are in the mouths of the sick and the well. Remarkable for his nervous energy and a force of character which rises equal to each day's demands, he has inspired by his courage, zeal, on other eastern cities par buying and tact and discretion, all, whether physicians, selling for both demand and sight; on New nurses, clerks or messengers, who are under his direction, or who have had any dealings with him.
